Pinellas County Health Department Receives Award for Productivity

In recognition of its continuing success in achieving productivity, the Pinellas County Health Department recently received a **Sustained Exemplary Performance** Award from the Davis Productivity Awards program.

Presented annually, the Davis Productivity Awards honor State government employees throughout Florida who have significantly increased productivity in delivering state services and products. Awards are also made to individuals and work units for adapting and implementing previous years' award-winning achievements to create added value. The program is a major government improvement initiative sponsored by Florida TaxWatch, The Florida Council of 100 and the State of Florida.

The Sustained Exemplary Performance Award, underwritten by PRIDE Enterprises, salutes individuals, work units, institutions and districts that have won multiple Davis Productivity Awards for continuing excellence. **The Pinellas County Health Department staff has received 33 Davis Productivity Awards since 1992.**
